Mr and Mrs BADRIAN,
DUBLIN

Date
Datum

24 th.May 1976

Dear Mr and Mrs Badrian,

Please, apologize me not to have answered you sooner : I was non in Belgium for some months.

Your letter is highly interesting and I enjoy very much to read the results of your study; I am waiting with the highest interest!

It seems, effectively, that Pan Paniscus is uncommon, if not absent, in Salonga and that the best are situated more in the north. In fact, very little is known about.

As you know, I am no more in charge with Zaïre 's National Parks and, in fact, I am unable to give you recent informations..... But it seems that protection continues to be good.

Hoping to hear from you soon,

Very sincerely yours,

Jacques VERSCHUREN
